

LATIN AMERICAN DEVELOPMENT STUDIES MINOR

SOCIOLOGY + DEVELOPMENT STUDIES

Sociology asks: How do social structures shape behavior?

Development Studies asks: Why do inequalities persist across societies?

Together, they prepare you to understand and address social change.

SEE THE BIGGER PICTURE

- How do inequality and social structures affect communities?
- How do institutions shape opportunity and mobility?
- What drives social change across societies?

SKILLS YOU BUILD

- Cross-cultural communication skills
- Critical thinking about inequality and social justice
- Research skills grounded in real-world issues
- A global perspective valued by employers and graduate programs

REAL-WORLD RELEVANCE

- Social Analysis: Understand structural inequality and development
- Research Skills: Study real-world social issues
- Applied Sociology: Connect theory to policy and practice

More Information

CAREER PATHWAYS

This powerful combination prepares you for careers in:
